EDUCATION

WESTERN INSTITUTE OF TECHNOLOGY

Bachelor of Science in Information technology

2022 - Present

ILOILO CHRISTIAN SCHOOL

Senior High School (STEM)

2020 - 2022

SKILLS

- Mobile Development
- Web Development
- Networking (Cisco)
- Automation
- Blockchain Integration
- Smart Contracts
- Time Management
- Effective Communication Skills
- Team Collaboration
- Attention to Detail

ACHIEVEMENTS

ACADEMIC SCHOLAR

Western Institute of Technology

2022 - Present

EXPERIENCE

MOBILE APP & BLOCKCHAIN DEVELOPER

Western Institute of Technology • 2024-2025

- Developed a mobile application for electricity utility management for homeowners and renters, improving efficiency in submeter scanning, bill calculation, and bill notification.
- Integrated blockchain and added cryptocurrency as a form of payment.
- Built and maintained the backend infrastructure, including database architecture, API development, and secure data handling to support seamless mobile app operations.
- Created and deployed smart contracts to automate billing, payments, and transaction verification on the blockchain.

BASE CONTRIBUTOR (VISAYAS)

Base Philippines • 2025 - Present

- volunteered as a student representative to promote and advocate for Base here in the Philippines.
- assist speakers and trainers during the Base Builds programs (hackathon) with vibe coding using Ohara.ai.
- onboarded participants on the Base app and guided them through its features and usage.

COMMUNITY MEMBER & STAFF WEB3 ILOILO

Web3 Iloilo • 2025 - Present

- Interacted with 200+ community members, addressing questions and encouraging consistent engagement in group discussions.
- Supported the onboarding of new members into Web3 platforms, providing guidance on blockchain fundamentals and tools.
- Distributed educational materials, updates, and learning resources to strengthen continuous development within the blockchain community.
